

ST. JOSEPH HOSPITAL in co-sponsorship with CHILDREN'S HOSPITAL OF ORANGE COUNTY present the

## 2007 ANESTHESIA SYMPOSIUM:

Difficult Anesthesia Case Management

The program will feature lectures and interactive discussions led by experts in both pediatric and adult anesthesia. The symposium emphasizes practical and clinically oriented topics and highlights current controversies.

### PROGRAM OBJECTIVES

- List the monitoring techniques available during surgery that involves major volume shifts (TEE, NIRS, BIS, CVP, Swan) to distinguish the merits and shortcomings of each monitor in view of recently published guidelines from the American Society of Anesthesiologists.
- Compare the different treatment modalities for chronic back pain, based upon presenting features of the patient.
- Match appropriate cardiac anesthesia drugs to patient populations.
- Rank the difficult airway devices in order of usefulness for certain scenarios from the experience of the audience.
- Discuss the practice of neuroanesthesia, including spine surgery, in efforts to improve the brain perfusion, wake up time and pain management.
- Debate the methods to deal with obstetrical emergencies of pre-eclampsia, postdural puncture headache and abruption, in view of new treatments.
- Choose the peripheral nerve pain management catheter location based upon predicted postoperative pain from surgeries. Describe how to insert the catheter successfully.
- Describe the safe treatment of neonatal surgical emergencies during induction and emergence of anesthesia.

### TARGET AUDIENCE

This program is designed for Anesthesiologists, General Surgeons, Pediatricians, Perianesthesia Nurses, Radiology Nurses, and Endoscopy Nurses.

### CONTINUING MEDICAL EDUCATION

This activity has been planned and implemented in accordance with the Institute for Medical Quality and the California Medical Association's CME Accreditation Standards (IMQ/CMA) through the Joint Sponsorship of St. Joseph Hospital and (name of non-accredited provider). St. Joseph Hospital is accredited by IMQ/CMA to provide continuing medical education for physicians.

St. Joseph Hospital designates this educational activity for a maximum of 7 credits) *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

In compliance with the Americans With Disabilities Act (ADA), we will make every reasonable effort to accommodate your needs. For any special requests, please call (714) 771-8054

### GENERAL INFORMATION

Registration is required by  
March 16, 2007  
Limited Seating  
Self-Parking will be validated only.

CONTINENTAL BREAKFAST will be available from 7:30 - 8:55 a.m. LUNCH will be served.

### PROGRAM SCHEDULE

7:30 - 8:55 a.m.	<b>Registration and Continental Breakfast</b>
7:55 - 8:00 a.m.	Welcome and Introduction
8:00 - 9:00 a.m.	<b>Neuromonitoring Techniques in Pediatric Anesthesia: BIS vs. NIRS and does the Level of Anesthesia affect Cerebral or Cardiac Outcomes?</b> Francis Sweeny, M.D.
9:00 - 10:00 a.m.	<b>Neonatal Surgical Emergencies: TEF; CDH; Nec in the ICU and in the OR</b> Jack Canton, M.D.
10:00 - 10:15 a.m.	Break & Visit Exhibitors
10:15 - 11:15 a.m.	<b>Chronic Pain Clinic</b> Armen Chalian, M.D.
11:15 - 12:15 p.m.	<b>Peripheral Nerve Catheters Placement Techniques for Acute Postoperative Pain: Popliteal vs. Femoral Blocks</b> Tony Ho, M.D.
12:15 - 1:00 p.m.	Break - Lunch & Visit Exhibitors
1:00 - 2:00 p.m.	<b>Obstetric Resuscitation and Neonatal Resuscitation in the Delivery Suite: Indications for Intubation for Meconium, Insertion of UAC vs. PIV</b> Kurt Letson, M.D.
2:00 - 3:00 p.m.	<b>Difficult Airway: Devices in Pediatrics</b> Samuel Wald, M.D.
3:00 - 4:00 p.m.	<b>Cardiac Anesthesia: Surface Probes and Transesophageal Echocardiography Probes</b> Paul Yost, M.D.

All of the speakers are board-certified, specializing in neonatal, pediatric and adult populations. Drs. Sweeny, Canton, Chalian, Ho, Letson and Yost are associated with Allied Anesthesia Medical Group, Inc. Dr. Wald is an Associate Clinical Professor at the Department of Anesthesiology, David Geffen School of Medicine at the University of California, Los Angeles.
