

New Cancer Center Breaks Ground • \$18 Million Capital Campaign Announced • Grateful Patients • 34th Annual Benefit

The Monitor

Fullfilling Our Mission

ST. JOSEPH HOSPITAL

FOUNDATION NEWS WINTER 2007

From the Chair

When I look around the campus at St. Joseph Hospital, and see all the building and expansion efforts, I am awed by the generosity and goodwill of our community and donors. We've come a long way since the hospital first opened its doors more than 75 years ago. I often wonder what our founders would think if they could see the size and scope of what their modest hospital has now become.

As you probably know, we will recently held a groundbreaking ceremony for our new 87,000-square-foot Cancer Center (see page 5), scheduled to open in 2008. Our new 248,000-square-foot

Patient Care Center is scheduled to open in September 2007. It is to the hospital's credit that it has always sought to meet the needs of the community it serves — whether that means expanding its size and scope to provide the best possible medical care or ensuring that the poorest members of our community also have access to this level of care. The Sisters, hospital administration and employees, volunteers, medical staff and donors have always worked hand-in-hand to plan for the future and ensure the high standards that are synonymous with St. Joseph Hospital.

Warren D. Johnston, M.D.

Of course, our expansion could not proceed without the generous support of so many. We have been very fortunate to receive donations of millions of dollars to pursue these goals. And we are, of course, exceedingly grateful for these most generous gifts. St. Joseph Hospital Foundation also receives funding from various organizations, groups and community partners who realize how important good medical care is to our community. There are physicians who support the hospital's mission of excellence by helping to ensure funds are available for much-needed equipment or to help the medically underserved. Our hospital staff members and volunteers not only serve our patients but also often donate funds from their paychecks to ensure that our patients have access to the highest quality care.

Over the years, literally thousands of supporters have helped St. Joseph Hospital maintain its reputation for excellence and compassion. While our new buildings and centers are truly marvels of architecture and engineering, they are also a testament to the generosity of thousands who want to ensure that the mission of the hospital continues for many years to come.

Respectfully,

Warren D. Johnston, M.D.
Chair, Board of Directors
St. Joseph Hospital Foundation

St. Joseph Hospital Cancer Center Breaks Ground \$18 Million Capital Campaign Announced

Nearly 200 people, including a hope and healing procession of cancer survivors, attended the September 29, 2006, Groundbreaking ceremony for the St. Joseph Hospital Cancer Center. A capital campaign, with a goal of \$18M was announced for the new center.

The new three-story, 87,000 sq. ft. center will apply the latest research breakthroughs and a collaborative approach to its first-rate cancer programs, including a Cancer Genetics Program, Colorectal Center, Comprehensive Breast Center, Head & Neck Program, Lung Program, Melanoma Program, and Prostate Cancer Program. It is designed to serve as a "one-stop" facility for cancer patients.

The Center will also have amenities including: A Place of Hope, or Sala de Esperanza, where patients can retreat alone or with family and

friends to take a moment to reflect or pray; valet parking; a café; and an Appearance Center, with wigs, prosthetics, specialized clothing and products to aid appearance and comfort in the recovery process.

"Our goal was to anticipate the needs and challenges faced by our patients battling cancer and provide amenities and comfort services allowing them to better focus on healing. Over the course of the project, we surveyed our cancer patients, family members and cancer survivors to establish preferences," said President and CEO, Larry Ainsworth. "We also incorporated their ideas into the architecture through the design of the infusion center and by using natural materials, and providing a connection to the outside world through extensive use of windows, central atrium and

skylights to encourage healing.”

The groundbreaking launched a capital campaign to raise \$18 million in community support over the next year and a half to help fund the new facility, and has currently raised nearly \$12 million of its goal. Major supporters of the Cancer Center Campaign include John and Donna Crean, The Ernest W. Townsend Family, Horwitz Family Memorial Foundation, Dr. and Mrs. James Pavoda, Mr. and Mrs. William Podlich, TODOS support group, and an anonymous gift in honor of Drs. William E. Ostermiller and Tyson C. Cobb. “St. Joseph Hospital was not only built upon the intrinsic value of compassionate care, but the generous contributions of our community members and philanthropists,” said Ainsworth.

For more information about the new Cancer Center, and the campaign, please contact the St. Joseph Hospital Foundation office at (714) 771-8211 or email foundation@sjo.stjoe.org.

Grateful Patient Contributes \$2.5 Million to New Cancer Center

St. Joseph Hospital recently received a gift of \$2.5 million from Ernie and Joshua Townsend and their families, the largest contribution the hospital has received in its 77-year history. The Townsend’s donation represents the lead gift in the \$18 million capital campaign now underway to fund the construction of St. Joseph Hospital’s new three-story 87,000 sq. ft. cancer center. (See article above.)

Ernie’s positive experiences with his health care providers at St. Joseph Hospital sparked his family’s drive to support the hospital with its newest endeavor.

“There are a lot of genuinely good people behind this project, spending countless hours to make this new Cancer Center the best it can be for the patient,” said Ernie Townsend. “As a cancer survivor, I was able to experience what that time and effort means and how it can affect the outcome of treatment.”

(L-R) Laura Ainsworth, President and CEO Larry Ainsworth with Cancer Center supporters Ernie and Barbara Townsend

Benefit Sponsorship and Thank You Reception

Successfully Kicks off the 34th Annual Benefit

The Benefit Sponsorship Reception, held at the beautiful home of Bill and Pat Podlich on June 11, 2006, was a great success. This year's reception raised \$42,850 in sponsorship and support and several great auction items were pledged. Guests enjoyed learning more about the development of the new Cancer Center while greeting old and new friends. ❀

Bill and Pat Podlich host the reception.

St. Joseph Hospital Board of Trustee member Jim Harmon and his wife, Marilynn, enjoy the afternoon.

Event co-chairs (L to R) Mimi Cora and Charlene Immell pose with Auction Chair Janice Ramsay at the Benefit.

Barbara and Ernie Townsend arrive at the TODOS Auction.

(L to R) Hospital CEO and President, Larry Ainsworth joins Spirit of St. Joseph Award Recipients, Charlene and Mike Immell.

(L to R) Carm and Nancy Santoro and Marlene and Marty Jurick pause for a photo.

(L to R) St. Joseph Hospital Foundation Executive Director Chanda Parrett and Louis B. Horwitz enjoy the TODOS Auction.

Appreciation Luncheon Honors Sister Frances Dunn Legacy Society Members

Members of the Sister Frances Dunn Legacy Society gathered on April 20, 2006, for the Annual Legacy Society Appreciation Luncheon, generously sponsored by First American Trust. Guests joined in recognizing new legacy members Robert Butcher, Jim and Mimi Cora, Twyla Elmendorf, Bill and Jeanne Fieweger and Phil and Peggy Martin. Dr. Michael Abdalla served as Master of Ceremonies. Nancy Harris, Administrator of St. Joseph Hospital Cancer Services, treated guests to a very special presentation detailing plans for the new Cancer Center. Program coordinators from the various cancer programs joined guests for lunch, providing an opportunity for each guest to meet the staff and learn more specifically about each of our outstanding cancer programs.

The Sister Frances Dunn Legacy Society was formed as a way to give special recognition to individuals who have included the hospital in their estate plan via a will or living trust, created a charitable gift annuity or charitable trust to benefit the hospital, or have created other planned gift arrangements. Legacy members are also recognized on the Legacy Society plaque on the main floor of the hospital.

For more information about the Legacy Society or any of the charitable planned gift strategies please contact Carolyn White in the Foundation office at (714) 771-8211 or email Carolyn.A.White@stjoe.org. ☩

The Patient Care Center Takes Shape

If you have been to the hospital recently, you will have noticed that the exterior of our new Patient Care Center is nearly finished and already proudly displays words of our founding Sisters: *to assist and to serve the dear neighbor*. The remaining work will take place on the interior, which is expected to be complete by late summer 2007. The doors will officially open in October 2007.

The hospital's transition planning is into its second phase with 41 work groups in place. The focus will move from operations planning to the physical move itself in early spring. These teams are working to identify how their departments will operate in, and in support of the new facility.

The new Patient Care Center adds 248,000 square feet of space to the hospital's campus and will include 150 patient beds (120 now and expansion space for 20 additional beds) -- 90 percent of which will be private. There will be two-20 bed critical care units and three-30 bed medical/surgical care units. ☩

The Muth Healing Garden takes shape on the roof of the 2nd floor of the PCC. This area will provide a place of reflection for patients and visitors in the new Center.

The new patient room headwall provides a comprehensive array of support for the new technologies planned.

BOARD PROFILE

Dr. James Padova: Advocating for Patients from a Position of Knowledge and Practice

Since he joined the staff of St. Joseph Hospital in 1969, James Padova, M.D., has focused his energies on helping patients with cancer. However, he notes, nobody is immune from having cancer touch the lives of their own families.

"Like just about everybody, cancer has touched my family, too," he said. "For a physician, it gives you a different perspective. You see what cancer looks like from a family member's point of view."

As a recognized medical leader and an oncologist for the Hematology Oncology Medical Group of Orange County, Inc., Dr. Padova has not only seen his share of oncology patients, he's seen many advances in the field. And he knows these advances, as well as the cost of treatment, can be expensive. As one of the Foundation's newest board members, he will play an integral role in helping to raise the \$18 million needed to help fund the new Cancer Center.

"I think it is important that physicians help in these fundraising efforts," he said. "As doctors, we see how cancer affects patients and their families. With the new Center, we will be able to provide more services and a higher level of care. That's something we all should support."

Of course, Dr. Padova and his wife, Marilyn, have been generous donors throughout the years, but more recently, because of the building of the new Cancer Center, he has decided to take on a more active role in the St. Joseph Hospital Foundation.

"I have always had a great appreciation for the high level of care that St. Joseph

Hospital provides," he said. "That's one of the reasons I wanted to be on staff here when I arrived in Orange County in 1969. Everybody knew that St. Joseph had the best physicians and nursing staff. I was young and wanted to work with the best."

Dr. Padova also noted that in addition to a high standard of medical care, patients also received compassionate care.

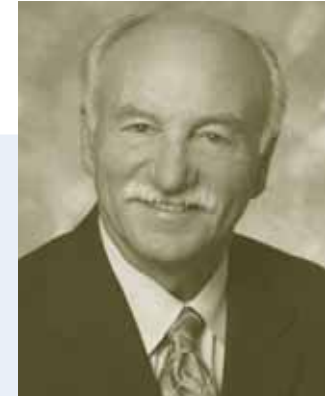

"I think that's what also sets St. Joseph Hospital apart," he said. "The hospital has been at the forefront of many cancer therapies and treatments. They also appreciate the compassionate care they receive. Yet some Orange County residents believe they need to seek treatment elsewhere. I think with the building of this new Center, our community will understand that they can receive the best possible care here. They don't need to go elsewhere."

His wife, Marilyn, also supports this goal. In fact, Marilyn was one of the original founders of the *Circles of Life* Fashion Show that benefits the Cancer Center. She and her husband were among the first models at these gala events.

In addition to his work as a Foundation Board member, Dr. Padova also serves as Chairman of the St. Joseph Hospital Cancer Institute Steering Committee which helps develop and oversee the Cancer Institute. The Institute's Specialty Programs bring state-of-the-art medical care and access to the latest in clinical research and treatment protocols to oncology patients at the St. Joseph Hospital campus.

Also, throughout the seventies and nineties, Dr. Padova served in several leadership roles with the Orange County Medical Association.

"I think it's important for physicians to become involved with hospitals and the healthcare community at large," he said. "We can advocate for our patients from a position of knowledge and practice. We need to help ensure that needed services are available. That's why serving on the Foundation Board means so much. It allows me and others to demonstrate our support to help patients and their families." ✚

Dr. James Padova

10th Annual *Circles of Life* Fashion Show Journeys On

The 10th Annual *Circles of Life* Fashion Show and Luncheon was held on Sunday, May 21, 2006, at the Anaheim Marriott Hotel. This year's theme was "Journeys of Courage" and featured twenty-two cancer survivor models from St. Joseph Hospital. Over 850 family, friends and community supporters attended and raised more than \$113,000 for the development of the new St. Joseph Hospital Cancer Center. Special thanks to event chairs Kathi McLean and Sharon Wilson, the Fashion Show committee and event volunteers for making this event memorable.

The event also included an opportunity drawing and luncheon. Fashions were provided by a variety of stores including ArtRagous, Betinnis, Eileen Fisher, J. Jill, Men's Wearhouse, Allen's Tuxedos and many more. ❀

A Tribute to Maureen Layton, an Amazing Woman

Maureen Layton
1944 - 2006

Amazing. That's the adjective you always hear when people are talking about Maureen Layton. An active volunteer, good friend and generous volunteer, we all share in the sorrow of Maureen's recent passing. At St. Joseph Hospital, Maureen was well known for co-chairing the *Circles of Life* Fashion Show for two years and serving on the committee for several years after that. She was also an active member of the Cancer Center Campaign Steering Committee —which meant she had to wake up quite early to attend meetings that frequently began at 7:30 a.m.

Others remember how devoted she was to her family and friends. Whenever an event was planned, Maureen and her husband, Chris, would show up with their own crowd of Layton family members. Likewise, Maureen cultivated a devoted group of friends, no doubt drawn to her great sense of humor, friendliness and willingness to help others.

When Maureen and Chris received the 2005 Spirit of St. Joseph award in recognition of exemplifying the true spirit of St. Joseph in their philanthropic support for St. Joseph Hospital, they were surprised and humbled. But nobody else was surprised that these two extraordinary people would be honored.

We have lost a great friend with Maureen's passing. But we will honor her memory forever.

If you would like to make a contribution to the Maureen Layton Memorial Fund, which benefits the new St. Joseph Hospital Cancer Center, please contact the Foundation office at (714) 771-8211. ❀

Cardiovascular ICU named for Dr. William Ostermiller

In recognition of a \$1 million anonymous gift received from a grateful patient in honor of Dr. William Ostermiller, the CVICU was recently named for him. The unit plaque was unveiled at the Ostermiller Retirement Reception at the home of Dr. Brian Palafox on May 7, 2006. Members of the Board of Trustees, former patients and colleagues attended the event to recognize the many accomplishments of Dr. Ostermiller during his long career at St. Joseph Hospital. ☩

Top Right: Honorary Plaque for Dr. Ostermiller in the CVICU.

At Left: New entrance to the Ostermiller CVICU.

Cancer Center Supporters Reach Out to the Community

Recently, Board members and supporters have hosted some exciting events at their homes for community members to hear about St. Joseph Hospital's new Cancer Center. The events were designed to showcase the new facility and the expanded programs, which are building world-class cancer care in Orange County.

Dr. and Mrs. Tariq Mahmood hosted an afternoon event at their beautiful Corona del Mar home in August for 90 patients and community members. Dr. Mahmood was the Honorary Chair of the 2005 *Circles of Life* Fashion Show, and his wife, Heidi, is a long-time volunteer with the Foundation's *Circles of Life* Fashion Show, as well.

In mid-August, George and Chole Barr (Foundation Board of Directors members) co-hosted an event with Judith Gorski and Rod Harron at their historic home in Laguna Beach. Rod and Judi had arranged for a croquet tournament and a bocce ball contest on their grounds, so the 45 guests enjoyed some friendly competition during the afternoon. Cancer Center Administrator, Nancy Harris, gave an overview of the new Cancer Center, and Dr. Hisham El-Bayar provided a physician's perspective.

Mike and Charlene Immell (respectively Hospital Board of Trustees and Foundation Board of Directors members) hosted an elegant late-summer evening party at their home in Tustin for 40 of their friends and neighbors. Guests enjoyed an update on the hospital's current status and expansion plans given by President and CEO Larry Ainsworth, and a presentation on the Cancer Center's expanded programs and new facility by Tom Hill, Vice President of Operations. ☩

Presidential Partners Gather for Annual Reception and Dinner

On May 11, 2006, nearly 100 friends and supporters of St. Joseph Hospital gathered at the Santa Ana Country Club for the annual Presidential Partners Reception.

Presidential Partners is a society of friends who provide exceptional leadership in support of St. Joseph Hospital through their annual contributions of \$1,000 or more. In addition to many other benefits, Presidential Partners are invited to the annual Presidential Partners Reception in the spring and a Healthcare Lecture in the fall.

At the 2006 Reception, Drs. Richard Fischel and Raymond Casciari presented the latest findings on the leading-edge thoracic surgeries performed at St. Joseph Hospital.

Dr. Fischel has helped develop minimally invasive techniques that allow patients with lung cancer and emphysema to undergo life-saving operations with decreased pain and more rapid recovery.

Dr. Casciari is the Director of the Lung Cancer Program at St. Joseph Hospital, and has recently completed a term as Chief of Staff at St. Joseph Hospital.

Guests also heard a report from Larry Ainsworth, President and CEO, who updated the group on the hospital, presenting them with a virtual tour of the new 3-story, 87,000 square foot Cancer Center.

Please call the Foundation office at (714) 771-8211 for more information on how to become a member, and to learn about future Presidential Partners events.

From top: Warren Johnston, M.D. (center), Chair of the Foundation Board, with Richard Fischel, M.D. (left) and Raymond Casciari, M.D. (right), the two keynote speakers of the event.

Jim and Mimi Cora, Larry Ainsworth, and Sandi and Robert Baldwin celebrate at the Reception.

Presidential Partners John and Carolyn Reilly at the Santa Ana Country Club.

Celebration of the Decades

On October 10, 2006, St. Joseph Hospital celebrated two very important birthdays: the 20th anniversary of La Amistad de Jose Family Health Center and the 10th anniversary of Puente a La Salud Mobile Community Clinics. These clinics, both departments of the hospital, have provided a combined three decades of service to our local community. By providing education, screening and treatment in primary medicine, dental care, and vision care to the most vulnerable members of our community, La Amistad and Puente play a vital role in achieving the mission of our hospital.

On this special day, both clinics opened their doors for and welcomed St. Joseph Hospital patients, employees and members of the community to tour their facilities, meet their staff, and learn about the great work they do. Grateful patients expressed their thanks for services they received at our clinics and we thanked our donors for making these services possible.

A patient expresses her gratitude for the care and services she has received from our clinics.

The Sister Frances Dunn Legacy Society recognizes individuals who have created a charitable gift annuity with St. Joseph Hospital; named the hospital as beneficiary of a charitable trust, insurance policy or retirement plan; or have remembered the hospital in their will or living trust.

First Time Donors to St. Joseph Hospital Recognized

Through their generous pledges and contributions, the individuals, corporations, community organizations and foundations listed below continue to help St. Joseph Hospital further its mission to provide compassionate, quality health care for our neighbors. We would like to recognize all gifts; however, because of space limitations, this list recognizes first-time donors who made outright gifts or pledges of \$100 or more between January 1, 2006 and June 30, 2006. Each gift received is important and makes a significant difference at St. Joseph Hospital. We sincerely thank all of our friends for their philanthropic support.

Supporting St. Joseph Hospital

There are many ways that friends of St. Joseph Hospital can give to help continue providing the best healthcare to our community. Donors can choose from the following giving options:

- | | | |
|--|--|--|
| Outright gift via cash or check | Tribute gift (to honor a loved one or favorite physician or nurse) | Gifts of appreciated assets such as securities or real estate |
| NEW! Donate a used vehicle such as a car, motorcycle, RV or boat to Cars4Causes (www.cars4causes.net) and designate St. Joseph Hospital Foundation - Orange, CA to receive the net proceeds | Memorial gift (gifts of \$1,000 and above are recognized on the Memorial Wall) | Naming St. Joseph Hospital in will, living trust or estate plans |
| Credit card (a great way to collect frequent flyer miles) | Foundation event tickets, tables or underwriting (such as the Annual Benefit and Fashion Show) | Creating a charitable gift annuity, charitable trust or other tax-advantaged gift arrangements |
| Pledge paid over time | TODOS Membership (just \$125 annually) | Becoming a Corporate Partner |
| NEW! Direct debit of funds from your checking account to fulfill a pledge | | Becoming an Employee Partner |
- Cumulative gifts of \$1,000 and above are prominently recognized in the hospital and through Presidential Partners. Gifts of \$5,000 and above are recognized on the Hospital Main Lobby Wall. Estate gifts are recognized by membership in the Sister Frances Dunn Legacy Society. Please contact the Foundation at (714) 771-8211 for more information.
