Presidential Volunteer Service Awards

St. Joseph Hospital recognized 34 volunteers with The President's Volunteer Service Award for contributing more than 4,000 hours each in service to the hospital. The Council on Service and Civic Participation was established in 2003 to recognize the important contributions volunteers are making in our communities and encourage more people to serve. The Council created the President's program as a way to thank and honor Americans who, by their demonstrated commitment and example, inspire others to engage in volunteer service. These 34 volunteers, while being recognized for serving at least 4,000 hours each via this national awards program, have, in fact, served a total of 255,667 hours to St. Joseph Hospital.
